

WHISTLER 2011 FORUM

GETTING HERE:

By Air

Vancouver: To get to Whistler, you actually fly into Vancouver, BC. From there you can rent a car or use a shuttle service (www.pacificcoach.com)

Seattle: Save money by flying into Seattle. Seattle-Tacoma International Airport (Sea-Tac) has more domestic US flights than Vancouver International Airport, meaning more competition and better flight deals for you. Whistler, BC is a 4.5 to 5 hour scenic drive from Sea-Tac Airport.

By Car:

The Vancouver-Whistler drive takes about 2 hours, depending on road and traffic conditions. If you are driving from Seattle, it is 3 hours from Seattle to Vancouver. Then another 2 hours to Whistler.
